GOVERNOR GIVES OFFICIAL STATUS TO SAFE AND SANE FOURTH OF JULY

HARRISBURG, Pa., June 29.—Governor Brumbaugh today issued the following statement: "The Safety First Federation of America and the Board of Recreation of Philadelphia have joined in the suggestion that official recognition be given to the movement for a safe and sane Fourth of July throughout this Commonwealth. Their suggestion meets with my hearty approval."

"It is fitting that the people of Pennsylvania should be foremost in the movement to make this patriotic day memorable for peaceful demonstrations and healthful recreation, and not for the sorrow and suffering occasioned by accident and death. In Philadelphia the day was first duly observed with patriotic demonstrations."

"I ask all teachers, all ministers, all patriotic bodies, all parents to stress the sane and safe observance of the day. I ask all civil magistrates rightly to enforce the law relating to the sale of explosives."

"Our children are our greatest asset. Let us conserve their lives and their happiness and well being by barring from them dangerous explosives. This should not be done in a negative way, but by substituting for such unsafe and foolish observance a program of healthful, happy out-of-doors recreation."

"Let the people of the Commonwealth, having in mind the sacred and patriotic character of the day, betake themselves as families, as schools, as communities, to the nearby recreation places and in the solemn gladness of a great anniversary give the time to such activities and exercises as will worthily commemorate the day, and most effectively inculcate the spirit of true Americanism."

"There are great historic places in Pennsylvania. No people have an environment more inspiring. Resort to these places and rekindle on the heart altars of youth the sacred flame that swept the American Colonies in '76. Above all in this crisis year, invite attention to our soldiers in camp or on the border and devoutly pray that they may under God do their full duty and, if possible, by an effective preparedness, grant to us permanent peace and abounding prosperity."

M. G. BRUMBAUGH.

VODKA TO BE PERMANENTLY BANNED FROM CZAR'S EMPIRE

Speaker in Duma Says Peasants Drink Cologne Instead of Liquor

PETROGRAD, June 29.—The bill providing for the permanent prohibition of vodka came up in the Duma yesterday for the first time. The session was given over to a discussion of the effectiveness of the present regulations forbidding the sale of liquor and the advisability of perpetuating the advantages of the increased prosperity evidenced throughout the country since the imperial decree at the beginning of the war.

Quoting the figures covering 11 months of 1915, in which, despite the prohibitory regulations, nearly 4,000,000 vedros—a vedro equaling three and one-quarter gallons—of Government liquor had been sold, one speaker asserted that drunkenness was becoming as prevalent as before the war, and declared that measures should be taken to strengthen the laws now in operation.

Drunkenness, continued, the speaker, also had been increased by the inhibition of large quantities of furniture polish, eau de cologne and other substitutes for liquor, consumed by the peasant population.

The measure making the prohibition permanent will be put to a vote at an early date, and it is expected will be passed with little opposition.

Many Candidates for Offices

HARRISBURG, June 29.—The State Department is preparing its biennial list of candidates of all parties for all national and State offices for publication. The list will be printed in about a week. There are 1144 candidates for the House alone.
